For generations, Monopoly has been America's favorite board game, a love letter to unbridled capitalism and — for better or worse — the impulses that make our free-market society tick. But behind the myth of the game's creation is an untold tale of theft, obsession and corporate double-dealing.

### Help Fund Our New Home

KCTS 9 must move to a new building by the end of 2023 due to the expiration of the land lease at our current facility. The \$12.5M capital campaign will secure our new home at a preexisting building in Seattle's First Hill neighborhood.

The space is well suited for the future needs of KCTS 9 and will ensure that current and future residents of the Pacific Northwest have reliable, community-driven media for decades to come.

Visit [CascadePublicMedia.org/Capital-Campaign](https://www.cascadepublicmedia.org/capital-campaign) to learn more or to contribute to the campaign.
